RUN

WITHOUT CEASING

An interview with Sister Sri Lakshmi, who was born into a family that does not know Christ, who was saved by God's love, and who today has given up her dream and her ambition and is working on God's will.

Testimony Jishya

Tell us about your childhood - I was born as the second child of Kodanda Raman and Mohanavadivu. I have a brother named Harish. He works as a Designing engineer. When I was in the second grade, my mother was saved. So my mother raised me up in the Lord. I have been taught much about the love of the Lord. But I did not have the experience of salvation.

Mother led you into the Lord... How have your studies been since childhood?

I have been studying well since I was a child. But no matter how much effort I put in, I could not score more than 490 marks out of 500. A friend of my mother told me that whatever you ask the Lord, He will do it for you. At that time, I was going through the ninth standard quarterly examination. From that day on, I began to pray and read daily that the Lord would give me wisdom. God helped me to score 500 marks out of 500 and get first place. It was then that I realized what a powerful and a glorious God my God is. That day I accepted Jesus as the savior in my life and dedicated my life to the Lord. The Lord helped me get 494/500 in 10th standard public examination.

Super, you passed the 10th standard public exam with good marks... Similarly, have you been able to continue to excel in studies?

When I was in class II, I was very weak because of the lack of immunity in my body. I was unable to concentrate properly on my studies due to frequent

weaknesses. One day my teacher asked me, "You are so weak, will you be able to write the exam?" Having been without any fear until then, this question brought a great fear in me after hearing this question. I was very afraid that I would not be able to write the exam. It was then that I came to know that the Achievers meeting was taking place in Coimbatore and attended it. God has not only freed me from all my fears, but He has also completely changed my weakness. After that, God helped me to study well and write the exam and get 1159/1200 marks and 200/200 marks in Mathematics.

Super... God was with you in your weakness... You also studied higher secondary school... Can you continue to tell me about your college life?

I was praying about which college to study in and what course to study in. It was my wish to study medicine in CMC College, become a doctor and

serve the Lord. That year, a law was enacted that only if the NEET exam was cleared, one could get admission to a medical college. God helped me study well for the NEET exam and write the exam. Since there was a delay in the medical counseling that year, I applied to study Agriculture on the advice of my parents. I got a seat to study Agri at Thanjavur Government Agricultural College and started studying in that college. But since my medical dream was going on one side, I kept telling everyone that I would definitely become a doctor and get a seat in a medical college. This is how the days went by. One day, while I was praying, God revealed that it was God's will that I should study Agri course. It was very difficult for me to surrender myself to the will of the Lord. Because I don't like Agri, and I don't know what it is. But I realized that it was far more important to agree with the will of the Lord than my will. Knowing that if I did not submit to the will of the Lord, it would grieve the Lord, and eventually, I gave up my medical dream and surrendered to the will of the Lord. It was very difficult at first. Forgetting my plan for myself, I began to pray to Jesus, saying, "Please give me the grace to surrender myself completely to you." The Lord gave me the grace. I surrendered myself completely to the will of the Lord. God helped me to complete the course well, according to His will. God helped me to lead a holy and zealous life for the Lord in my college.

Okay... You have completed your studies in agriculture according to the will of the Lord... Tell us about your experience of salvation?

I accepted Jesus as my personal Savior when I was in my tenth grade. After that, I was praying to the Lord to be anointed. In those days, I used to watch more and more films. The Lord spoke to me, "You have prioritized cinema and give importance to it. When your heart is full of it, how can I dwell within you?" Despite my best efforts, I could not stop watching movies. I surrendered myself and prayed that only Jesus could free me from this sin. God

miraculously set me free from this sin and anointed me.

You have received the anointed... Did you do anything for the Lord after that?

I wanted to do something for the Lord. But I couldn't do it. It was at that time that God helped me to attend the Igniters Camp in 2021, and God took away all the fatigue that I had seen in my spiritual life. I learnt how to speak the gospel wisely and zealously. God is helping us to stand in zeal for Him under any circumstances. God gives grace to my friends to preach the gospel and lead the people into salvation. God also helped me in village service. I had to lose my job because of preaching the gospel. It doesn't matter if I lose my job; I enthusiastically proclaimed the gospel, saying that I will not stop preaching the gospel. I lost my job. But today God is using me as His servant according to His will. He is blessing and guiding me more than I thought and requested.

What do you want to say to young people?

When we rely on God, who does more than we think and ask, and submit to His will, He himself will be our Father and accomplish all things. The Lord has said: "Your thoughts are not my thoughts." Yes, God thinks of us more than we think. Therefore, be it studies, work, or marriage, ask the Lord and submit to His will. He will prepare a way for you.

Dear youngsters! If the Lord can speak to dear sister Sri Lakshmi, He will also speak to you today. But you have to wait in His presence and submit to His will. Sometimes you will have to lose your dreams. When you face some losses for the Lord, the Lord will bless the dreams of your life manifold ■

JYOTHI IN CONFUSION

I have written my 12th public examination. When I was in 8th grade, I fell in love with a guy who was in college. He also said that he loves me. He loves me a lot and promised me that he would take care of me well. I wish to marry him. I did not find any difference in his love in the past 5 years. So, I have decided to marry him. Moreover, my dad is an alcoholic. He used to harass me and my mom daily. I feel my marriage is the only solution to escape from this hell. Though my dream is to become a head-mistress, there seems to be no other way to get out of this agony. I feel my decision is correct. On the other hand, I am afraid and confused. – Jyothi, Thirunelveli.

Dear Jyothi, I can understand your pain and suffering. On one side you have a father who tortures you regularly and on the other side you receive love from an unexpected person. Now you have decided to get married accepting the fact that the happiness you receive from an unknown relationship is much better than the suffering that you go through from a known relationship. Furthermore, since you are in 12th grade, I wonder, how

choosing your life partner, discontinuing your studies and ending up in marriage at this age will work in your favour. Any such decisions at this age might affect you and may bring you a huge loss.

You dream of becoming a good head-mistress. But, instead of overcoming the painful hurdles in your path and pursuing your dream to become a head

mistress, you wanted to step into an unsafe married life.

IN CASE IF THIS PAINFUL PATH CONTINUES IN YOUR LIFE,

✓ You would have completed 12th grade and later you can continue your college studies. You can also enroll in B.Ed and there are chances that you can become a head mistress as you dreamed, in your future.

✓ When you cross all these hurdles and pain, you will be overjoyed and you can be a role model to many women like you.

✓ There are chances that your father can change his mind and give up his drinking habit. The person who was a hindrance in your life can turn out to be your greatest support.

✓ When you get the love from your father and understand that the love that you receive from unknown person is not the best, there are more chances that you can concentrate on your studies.

MAYBE IF YOU MAKE THE WRONG DECISION BY CHOOSING MARRIAGE AND NEGLECTING YOUR STUDIES,

✓ You have more chances of bringing an additional burden and shame to your mother who already faced many.

✓ Because of this act of yours, your family could face a terrible situation and you can even end up losing your mother.

✓ The person you trusted a lot may give up on you.

✓ What will you do if he abandons you? You will end up losing your studies, your parents and finally your dream of becoming a head mistress.

Just think and act. These

days we cannot get anything effortlessly. In order to achieve a goal and succeed in life we need to overcome all the pain and hurdles. If we choose a shortcut to achieve our goal we will end up in great menace.

JYOTHI, YOUR CURRENT SITUATION IN LIFE WILL CHANGE ONE DAY.

A SIMILAR TRAGIC SITUATION AROSE EVEN IN THE LIFE

OF A YOUNG MAN NAMED JOSEPH. JESUS RAISED HIM TO BE THE KING OF THE NATION BECAUSE HE WAS PATIENT AND HOLY. EVEN IN YOUR LIFE, WHEN YOU ARE PATIENT AND HOLY, JESUS WILL

CHANGE YOUR SITUATION AND HELP YOU IN ACHIEVING YOUR GOAL. YOUR GOAL WILL BE ACCOMPLISHED! ■

You might have finished school or college and be waiting for your next step in life, or you might be puzzled if you can reach the goals you always aspired for. "I can do all things through Christ who strengthens me." (Philippians 4:13) Have this thought in your mind and run towards your goal. God will take care of the rest.

Today youngsters begin the journey with a huge goal but very few end up achieving it. This is because the energy and confidence most of them had at the start fizzle out when they face obstacles. Usually, during our pursuit of goals, we face problems in the form of family situations, financial crises, degrading words from people, fear and inferiority complex. But our focus must always be on the destination not on the obstacles. We won't reach our goals if we are disheartened by the blockades we face.

Runners in a hurdles race become victors only after successfully crossing the hindrances on their way. Be it athletics or life, one person who crossed it all and emerged as a winner is Dhanalakshmi. Having lost her father at a very young age, her mother's daily wage was the

only source of income for their family. Despite her humble background, she was determined to become an athlete from the age of 13 and started working towards it. She didn't let her poverty or family situation hinder her growth. She eventually became the most famous athlete of India because of her strong will and determination. She participated in the inter-state athletic competition and ran in the 100 metre race,

without being intimidated by fellow athletes like Himadas and Dutee Chand, and won it. She also broke (23.26) the 23-year record of PT Usha (23.305) in 200 metres and drew the attention of the entire nation. She is the best example to show that everything is possible with hardwork and determination.

Even in your life, when you're heading towards a goal, you will face obstacles like Jericho. Don't be disheartened by them. No matter how many obstacles come your way, you can reach your goal only by running forward without getting distracted. To attain success, you need patience and faith, because, **"If you can believe, all things are possible to him who believes."** (Mark 9:23). Joseph, who had great dreams about his life at the age of 17, faced contrasting situations in his life and his own family opposed him. Nobody understood him. After

he was sold to Egypt, he faced humility in the house of Potiphar and he was later put in prison. Even though he went through such disheartening situations he didn't compromise on his faith. He strongly believed that God will fulfil his dreams one day. He was patient for 13 years and went through a lot of hardships before he attained glory. It is his patience and faith that made him reach his goal.

My dear youths! The nearer you are to your goal, the bigger the problems you will be facing. If you let these blocks affect your progress, the loss is yours. To cross all the obstacles and reach success, let look at god's word which says "Brethren, I do not count myself to have apprehended; but one thing I do, forgetting those things which are behind and reaching forward to those things which are ahead. I press toward the goal for the prize of the upward call of God in Christ Jesus." (Philippians 3:13,14)

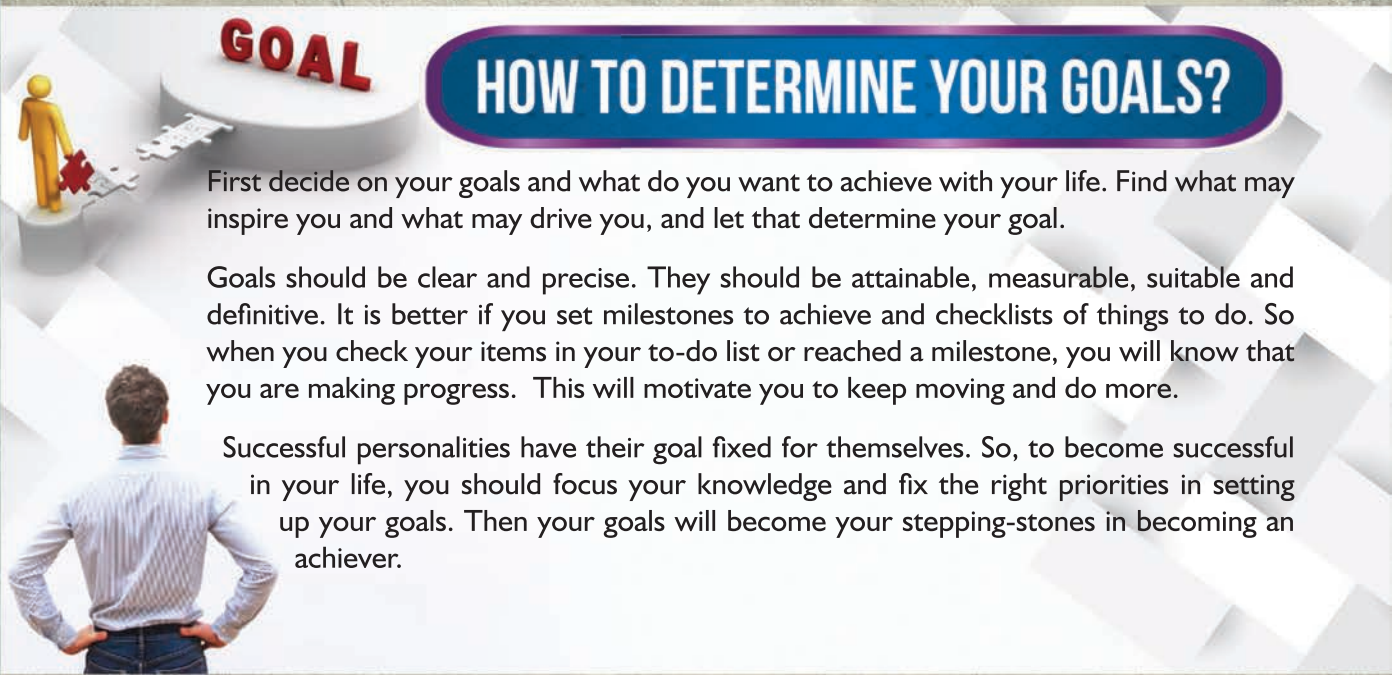

GOAL

HOW TO DETERMINE YOUR GOALS?

First decide on your goals and what do you want to achieve with your life. Find what may inspire you and what may drive you, and let that determine your goal.

Goals should be clear and precise. They should be attainable, measurable, suitable and definitive. It is better if you set milestones to achieve and checklists of things to do. So when you check your items in your to-do list or reached a milestone, you will know that you are making progress. This will motivate you to keep moving and do more.

Successful personalities have their goal fixed for themselves. So, to become successful in your life, you should focus your knowledge and fix the right priorities in setting up your goals. Then your goals will become your stepping-stones in becoming an achiever.

WHERE IS YOUR FAITH?

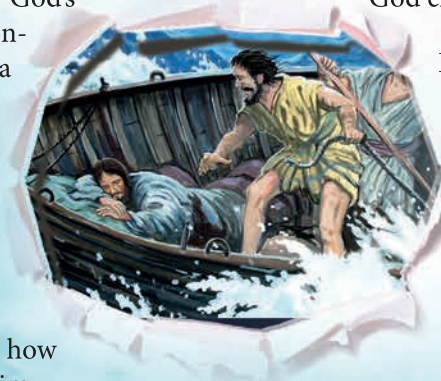

One day Jesus said to His disciples, "Let us go over to the other side of the lake." So, they got into a boat and set out. As they sailed, He fell asleep. A squall came down on the lake, so that the boat was being swamped, and they were in great danger. The disciples went and woke Him, saying, "Master, Master, we're going to drown!" He got up and rebuked the wind and the raging waters; the storm subsided, and all was calm. "Where is your faith?" He asked His disciples. In fear and amazement they asked one another, **"Who is this? He commands even the winds and the water, and they obey Him."** (Luke 8:22-26).

Jesus and His disciples started to travel when He said let's go to the other side of the lake. It took few hours to reach the destination. So as the boat began to sail, Jesus felt tired and began to sleep. We could see Him tired and sleep at this place because He used to wake up early and pray in the morning, pray in the evening, do God's work among people and do wonders. When Jesus was sleeping a squall came down the lake and flooded the boat. The disciples tried their best but they couldn't resist the water into the boat. So, they woke up Jesus. He got up and rebuked the wind and the raging waters. Everyone was amazed on how the wind and the sea obeyed Him.

Now Jesus asked His disciples, "Where is your faith? Why were you scared? Why did you shout that you were drowning? Why were you worried?" The disciples replied, "Since the squall was big, the sea turned rough and the boat flooded, we were afraid we would drown." Even in your life your debt, sickness, problems in marriage, infertility, poverty may hit you like a big storm. Are

you worried that your life boat will be drowned by the problems and struggles given by men and Satan? Jesus is asking you, "Where is your faith?". No matter how many struggles, storms you face, if you have a strong faith, you can reach the other side. You will not drown in the middle of the way.

God expects faith for that.

In the early days of my ministry, I went to a village that was located near to my neighbouring town Nazareth. The lay preacher of the church there asked me if we can go and pray for a family there who were facing tough times in their life. When we both went there, we saw a mother and her daughter-in-law having a baby in her lap. Their face was too sad and worried. The sister was too sad. At that time, the Holy Spirit guided me to speak to them.

I said them that there is a big distress in the family that is burdening their hearts and asked them to share with me so that I can pray for them. The sister was crying bending down. The mother began to speak. "Sir! She's is my daughter-in-law. My

son works for meagre wages available. They already have two kids and this is the third one. Because of poverty we are unable to give proper food even for our first two kids. We are running a life with the meagre wages my son brings home. In these difficult times, we are wondering how are we going to raise a third child? We are discussing that if we can give this child to someone else. "You have a Bible. You believe in Jesus Christ. Then where is your faith?"; I asked them. Look at the birds of the air; they do not sow or reap or store away in barns, and yet your heavenly Father feeds them. See how the flowers of the field grow. If God clothes the grass of the field, which is here today and tomorrow is thrown into the fire, will he not clothe you. So do not worry about tomorrow. See how Jesus had said such wonderful things and written them for our daily needs. Do you not have faith in Him? Do you not believe His words? Do you not believe that the Lord who gave this child will give the blessing to clothe the child?"; the mother began to weep hearing these.

He is the Lord who fed 30 lakh people and led them in the wilderness for 40 years without any deficits. Did God say that He cannot feed the third child? Did He say that he would be able to dress up only the first two kids and not the third one? Did He say that He does not have money in heaven to save the third child? What faith do we have on Him? Do you not have a concerned Father who feeds you, dresses you, provide your needs, concerned about you and even knows the number of hairs in your head? Where did your faith go? Will I not give you a job? Will I not help you in business? Will I not provide education to your kids? Will I not feed your children? Will I not meet your needs to do ministry? I can do everything. It's because of your unfaithfulness you did not receive these. The Lord says that you are in doubt, in

a state of fear and drowning because you look into the situation without looking for me. Tell to God that you trust Him. His guidance will be entirely different.

When I surrendered to God's ministry in the year 1974, I said to Him that I will come only with the Bible, I will not ask even a penny from my mother and father or any other people and I will not seek others for my food, dress and my needs. I said to Him that I am His responsibility. God looked at me and said, "Do not worry about tomorrow. I will meet your daily needs, feed you and dress you. You need not seek men for these. I will guide you." I said I believe in You Lord and surrendered to His ministry. My father and mother were wealthy. But when I stepped into ministry I neither received nor asked a penny to my parents. I did not do this ministry trusting men nor their offerings. I came trusting the word of God who is my Father, my Master and my everything. To this day He has not let me down.

He did not allow me to seek others favour. Since the year 1974 He is sufficient for me. Because He is always with me.

Why should you worry when you have Jesus in your life boat? Will you not be happy if you have faith in Him? "I am in your boat with you. Will I not drown if you people drown into the waters? Where is your faith in ME?", He is asking you. Surrender to Him saying that you will not doubt Him and will have faith in Him.

MY DEAR YOUTH! ARE YOU HIT BY STRUGGLES LIKE A STORM? WITH FAITH LEAVE ALL STRUGGLES INTO THE HANDS OF JESUS. HE WILL NOT LET YOU DOWN. HE WILL TEST YOUR FAITH AND DO HIS WONDERS. STAY IN FAITH! ■

Let us pray and win!

In the last few months we have seen many things about the types of prayer. Accordingly, we trust in the Lord that you all have dedicated yourself to prayer. If you, as a teenager reading this, have not been able to pray for at least an hour in the presence of the Lord and are eager to pray, this section is for you.

How to pray for an hour? Why should we pray? In five minutes I've finished praying for all things. How am I going to pray for an hour? Are you saying like this! We will continue to look at how to try this. Also, we encourage you to start the first hour of the day in the Lord's presence. Early Morning Prayer is the best.

PREPARATION!

Previous day preparation

► Preparation is essential for any endeavor. The night before the morning prayer, you need to prepare your mind and body, you need to give your body the rest it needs without wasting time at night. (EARLY TO BED, EARLY TO RISE).

► Decide what time to get up early in the morning and pray, "Lord, help me to get up early in the morning in this particular time and pray ..." If possible, set the alarm and go to bed.

Preparations to be made after waking up early in the morning

► Do not kneel on the bed as you wake up. Getting out of bed is the first thing we need to do.

► Brush your teeth, wash your face and get ready. Because, never forget that you are not going to meet an ordinary worldly person, but the Almighty God who created the entire universe with His single word.

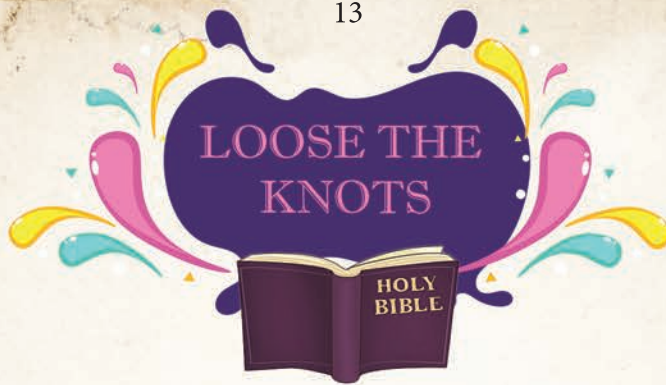

► Set aside a room or a corner for regular prayer and practice praying in the same place everyday.

► Before you begin to pray in the morning, your scripture should be with you for sure. The reason is that during prayer you not only talk to the Lord, you must give the Lord space to talk to you.

How to pray for one hour?

Divide your one hour prayer time into three parts. First 15 minutes: Praise and give thanks Next 15 minutes: Meditate the scriptures! Next 30 minutes: Pray!

We will see more about this in the next month's issue. So get up early in the morning and try to make the necessary preparations to pray. Have a relationship with the Supreme God who is still alive even today ■

THE DAY OR HOUR (MARK 13:32-37)

But of that day and that hour knoweth no man, no, not the angels which are in heaven, neither the Son, but the Father. Take ye heed, watch and pray: for ye know not when the time is. For the Son of Man is as a man taking a fair journey, who left his house, and gave authority to his servants, and to every man his work, and commanded the porter to watch. Watch ye therefore: for ye know not when the master of the house cometh, at even, or at midnight, or at the cockcrowing, or in the morning: Lest coming suddenly he find you sleeping. And what I say unto you I say unto all, Watch.

Stephenson's Perseverance

Our wishes to the young achievers who are working day and night swiftly to achieve their goals. Opportunities can come knocking at your door anytime, anywhere. It may be small or big. Anyone who puts aside the available opportunities, citing them as too small, and waiting for the bigger opportunity may miss the available opportunity and may not be able to achieve. It does not matter how big the opportunity is, all that matters is our ability to execute it. So take advantage of any opportunity you get, and then you can achieve it. Now, let us see about the fascinating life of an achiever who used the opportunities well in his life and achieved.

Sean Stephenson was born on May 5, 1979, in Chicago. He was not born like a normal child. His family did not greet him happily when he was born. Stephenson was born with a disease called Osteogenesis Imperfecta, also known as "Brittle Bone Disease". His bones had no

strength and were very weak. Both of his legs got broke when he was born. The doctors, who examined him, told Stephenson's parents that he would be dead in 48 hours. But luckily Stephenson did not die. Days passed by and he was admitted in

a school near his home. None of his classmates at school were willing to befriend him. When he was in his ninth grade, his legs got stuck between the doors and got injured. Because of this injury, he was not able to go to school for a few days. When Stephenson returned back to school after recovery, his class teacher asked him to share about his disease and how he recovered from his injury with his fellow classmates.

Stephenson gladly accepted the opportunity and was happy to share it with his classmates. He had good clarity in his speech and all the students who listened to his speech enthusiastically applauded him.

At the age of 17, Stephenson got an opportunity to give a motivational speech on a big stage. Everyone who heard his speech was inspired and gave him a great round of applause. Their

applause encouraged him even more. After this, he started thinking about making, Motivational Speech as his career. He not only began to think, but also to execute it. He started travelling to many

places along with a foundation named “Make-a-Wish” and gave many motivational speeches. On the other side, as he grew older, he suffered many fractures in his body. By the time he was 18, he had suffered more than 200 fractures. Because of this situation, he could not even bite and chew even the delicate foods. When travelling in a car, he will always travel in a separate seat allocated for him. Seeing Stephenson’s condition, his mother questioned him asking why he is struggling so much by travelling and giving motivational speeches despite his sickness. He replied to his mother that it is an achievement that he has been alive now for 22 years when doctors pronounced that he would not survive 48 hours while he was born and told his mother that he will continue to be an achiever.

In 1998, Stephenson met Tony Robinson, one of the greatest motivational speakers. Robinson encouraged him, saying that his speeches are good, and gave him tips to better understand people’s moods and their interests while giving motivational speeches. Thus Stephenson decided to pursue a degree in Political Science to improve himself. While still studying, he got an opportunity to work as an intern for President Bill Clinton. Stephenson wrote a book in 2001 and published it. The name of the book is “How You(th) Can Succeed!” This book got a very good reception among the youths. Wanting to study again, Stephenson graduated as a Therapist from the Bennett University. As he was much interested in learning new things,

he studied Neuro-Linguistic. Stephenson got an opportunity to work as a therapist at the Pacific University, where he studied a course, and began working there with a high salary. He was invited to give

motivational speeches at many schools and colleges. He was paid between 15,000 and 30,000 dollars an hour. His motivational speeches encouraged and inspired many. Stephenson had a dream of starting an orphanage for a long time. Seeing many differently-abled persons without parents to take care, he started an orphanage to give them a better life.

When Stephenson was asked how he became an achiever, here are three things he said

1. Hack your emotions
2. Create a vision for your life
3. Have fun with your life

If you follow these three things, you too can find success. He has said, “Look at my picture when any problem comes up in your life. If I can accomplish with such great difficulties, why can’t you?”

Yes, friends, there is a purpose in each and every one of our lives. We must continue to fight to achieve the goals and fulfil our purpose. We must make use of the opportunities available for us at the right time. If we do so, then we can achieve success. We are also achievers! ■

REVIVAL JUDICIARY

For India's peace, happiness, and prosperity there must be a revival in the judiciary. Because only the judiciary has the right to question the government. Hence, when there is a revival in the judiciary, the lawyers, and judges will work with honesty. This will bring a crime-free nation. In those days when Israelites were evil and failed to do what was right, God sent judges like Gideon and Deborah to bring justice. In the same way, fair judges must rise and change the injustice, iniquities and evil that is prevailing in the country. There are over 4.70 crores of pending cases in the Indian judiciary. Also, there are 1,82,000 cases pending for over 30 years. This leads to an increasing number of criminals and fails to prevent crime. Most criminals daringly commit a crime as it takes a very long time to get convicted. To change the current situation, we should pray for the rise of righteous judges like Gideon and Deborah. If you keep praying for a revival in the judiciary, there will surely be a revival. “.. And will not God bring about justice for his chosen ones, who cry out to him day and night? Will he keep putting them off? “ (Luke 18:7). He will definitely answer your prayer. So, keep praying for the revival of the judiciary.

DETAILS OF JUDICIARY

1. Supreme Court - 1
2. High Courts - 25
3. District Courts - 672
4. Supreme Court Judges - 32
5. High Court Judges - 1079
6. Advocates - around 20 lakhs

Dear Youth! When God's power rule over the Courts, God's righteousness will be revealed. “ The Lord works righteousness and justice for all the oppressed.” (Psalms 103:6). While you are praying for the revival, don't forget to pray for the revival in the judiciary. The Lord who loves righteousness and hates iniquity will surely answer your prayers and purify our nation.

Birds in the Bible

Quail

- Quail is the smallest bird and will be about seven and a half inches.
 - It can fly very fast and run fast on the ground.
 - It cannot fly very far but only to a certain extent.
 - It does not bathe in water like other birds but bathe in the soil.
- It spends time only on the ground.
- They begin to follow their parents in a week or two.
 - It lives only 3 - 5 years

Let us see what does the Bible say about the Quail

In the Bible, Quail is first mentioned in Exodus 16 : 12 , 13 . The people of Israel encamped in the region of kibroth. They appealed to Moses when they desired to eat meat. The people of Israel murmured that there was nothing to eat but manna, and the Lord said unto Moses "Is not the hand of the Lord shortened? You shall see now whether my word would come to pass unto thee or not".

And there went forth a wind from the Lord , and brought quails from the sea, and they fallen by the camp around 3 feet height (Numbers 11 : 31 ,32). Quail were in groups around 3 feet height. The people of Israel ate these Quails and were contended with it. Will not the God of Israel who fulfil the needs of the Israelites, thousand years ago, fulfil your needs today?.

Dear teenagers, our God who met the daily needs of the Israelites in the uninhabitable wilderness, will meet our needs and fulfill everything without fail. He is our faithful Lord. No matter whatever dry spell you find in your life today, believe firmly that our God is enough to make you prosper. He will definitely feed you with the quail to suit your life needs and will treat you so amazingly ■

My God shall supply all your need according to His riches in glory by Christ Jesus (Philippians 4 :19)

Part 5

A JOURNEY WITH PETER...

CUTTING OFF THE EAR OF PETER MALCHUS

That Thursday night, Peter, who was sleeping in the garden of Gethsemane, suddenly saw hundreds of soldiers with bonds, torches and weapons, and the servants of the High Priest, Pharisees, falling asleep and catching up with fear, horror, and anxiety. Jesus boldly asks who he is looking for. The answer came from the midst of the great army that said “Jesus of Nazareth”. Unable to bear the power of what Jesus said, “I am Jesus”, they all lean back and fell to the ground. They were also given an opportunity to know that the person they had come to arrest was not an ordinary person, but a man of great power in words. Even in such a situation, Peter was amazed that Jesus spoke calmly and boldly, without fear or confusion. But knowing the mood of the disciples, Jesus repeats that He is Jesus and asks them to let His disciples go. When a man faces problems and overcomes difficult situations, He would want to save himself from his predicament and not those

close to him. But Jesus, not afraid of death, stands up boldly and tries to send His disciples safely to their homes so that His circumstance does not affect them.

Peter was moved by Jesus’ divine nature, His love for His disciples, and His earnest efforts to protect them in that context. Desperate to save Jesus from getting arrested, He cuts off the right ear of Malchus, the High Priest’s servant. Fishermen usually have the habit of cutting the pectoral fins of the fish that looks like a ear, and in the same habit, Peter cuts off the ear of Malchus. Anger, courage, and love for Jesus in front of Peter caused him to do so. Peter did not seek to kill the servant, even though he was afraid and nervous in his heart and had a sword in his hand. He tries to

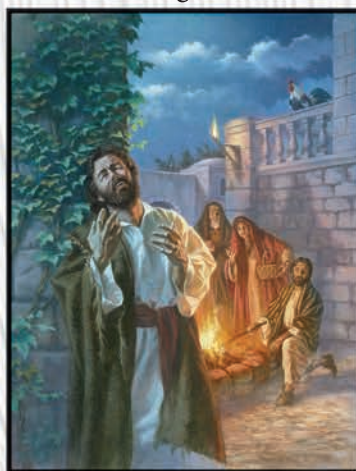

prevent the process of arrest with restraint, yet he obeys Jesus' command and puts the sword in the sheath. A disciple betrays Jesus with a kiss. I don't know where the other disciples went. The fact that Peter alone stood alone and cut off Malchus' ear among all the warriors for Jesus, along with Jesus, shows that Peter was special.

PETERS BETRAYAL OF JESUS

This event is written in the four Gospels of the New Testament as an important event (Matthew 26:58, 69-74; Mark 14:54,66-72; Luke 22:54-62; John 18:15-18, 24-27). Peter could not bear to see Jesus being arrested and taken away. All the other disciples fled from Jesus (Matthew 26:56). His mind was wondering what would happen to Jesus, so he followed Jesus in the distance, sitting with his servants in the palace courtyard of Caiaphas the High Priest, cooling down. And one of the maidservants of the High Priest said, "You also was with Jesus the Nazarete." Immediately Peter denies for the first time before all men, saying, I do not know, I do not know what you say. Immediately the cock crows. But out of fear and confusion in Peter's mind, Peter did not notice it. He comes back to the door and sits down. Another servant; When he says that he was with Jesus of Nazareth, he denies the man a second time and swears that he does not know him. And when the people who stood nearby said, "Surely you art one of them, and you are a Galilean, and your speech is like it," he began to curse, and swear, saying, I know not the man which you talk about, and denied it the third time. The cock crowed a second time, and it is only now that Peter remembers the word that Jesus said. And the LORD turned

and looked at Peter. Peter could not bear the sight. He becomes a heartbroken. He goes out in search of a place to cry alone, and he feels sorry for his actions. He immediately reconciles.

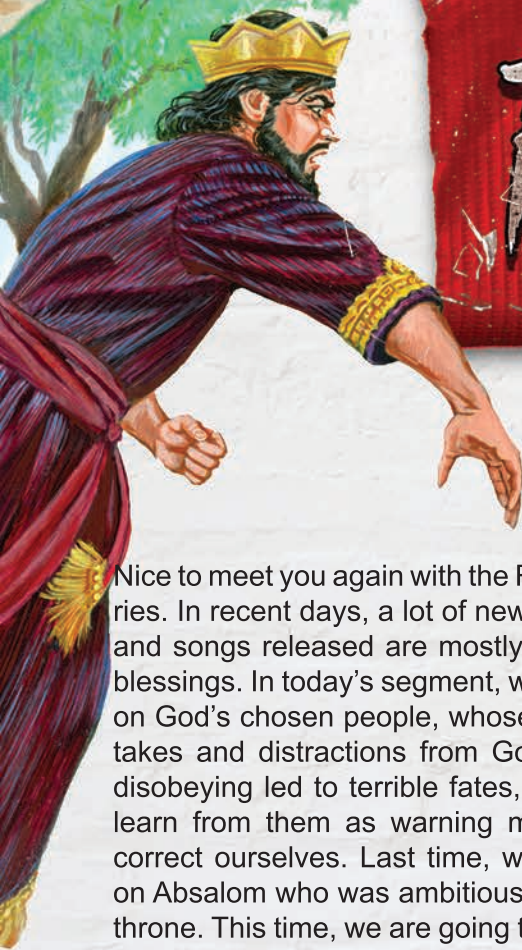

Perhaps if they had run away like the other disciples and were hiding somewhere, such a trial would not have come. But the mouth, which said that he would not deny even if he had to die with you, had forgotten Jesus three times. But unlike Judas, he did not seek death out of a guilty conscience. He asks Jesus for forgiveness, revives his relationship with Him again, and returns to normalcy, not allowing him to take on a guilty conscience.

Until then, neither the other disciples nor Peter had the experience of being born again by the Holy Spirit. They did not receive the Holy Spirit until they were blew upon them after Christ's resurrection (John 20:22) and said, "Receive the Holy Spirit." Jesus says "That when

the Holy Spirit comes to you, you will be witnesses to me in Judea, Samaria, and to the ends of the earth" (Acts 1:8), in the same house Annas and Caiaphas where Peter denied Jesus, in front of them, Peter boldly thunders by the power of the Holy Spirit: 'Jesus christ, who was crucified by you' (Acts 4:6,10). Therefore, rather than saying that Peter's repudiation was an act of iniquity, it can be said that his weakness is the cause ■

(The trip with Peter will continue with much more interesting information)

RED ALERT SAUL

Nice to meet you again with the Red Alert series. In recent days, a lot of news, sermons, and songs released are mostly focused on blessings. In today's segment, we will reflect on God's chosen people, whose minor mistakes and distractions from God's plan by disobeying led to terrible fates, and we will learn from them as warning messages to correct ourselves. Last time, we meditated on Absalom who was ambitious to meet the throne. This time, we are going to learn from the life of King Saul who was anointed as the first King of Israel.

When God chose Saul, he chose someone humble, God-fearing, and even prophesied. According to the Bible, despite being a nice person, God rejected him and regretted making him King. Let us find out why Saul's promising start ended appallingly?

TO PLEASE MEN, HE UPSET GOD

In 1 Samuel 13, while Saul had ruled for two years, the Philistines assembled to fight against Israel (1 Samuel 13:5). They were huge in numbers. Saul was waiting for Samuel to pray and offer the burnt offering to God to lead the war. But, Samuel did not

show up at the set time of seven days, on the other side some men from Saul's side began to scatter. In this obscure situation, Saul took the wrong decision. On seeing the men scatter, he decided to offer the burnt offering himself which a priest must only offer.

God may have put Saul into this obscure situation to test whether he relies on Him. But instead of counting on God and believing Him, he did what seemed the good relying on his wisdom and strength but was immoral in the eyes of God.

And so, God's wrath was over him and his generations, that they cannot endure the kingdom again.

Israel is the Lord's country. There is a difference between how

other kings rule their countries and how the King of Israel rules Israel. The King of Israel must believe in the Lord, trust only Him and obey His words. Only then he can lead the country in Lord's way otherwise the country will fall apart from Lord. Only when we rely on, believe in, trust, and obey the Lord in our God-given work, family, ministry, and studies we will be able to carry out God's

plan. We will fail and be disappointed if we rely solely on our strengths.

"Commit your way to the Lord; trust in him and he will do this" (Psalm 37:5)

he brought them to sacrifice to the Lord. The Lord was not pleased. As Saul listened to the people of Israel and tried to please them, the Lord rejected him. God expected only obedience from Saul. But in every situation without giving God his first place, he listened to the people and lost his purpose and the kingdom.

Loving Youngsters! Though we are saved and anointed, are we trusting God in difficult situations or following men's advice? Think

and decide what is hindering the revival in you? Examine yourself and act on things such as your pride, disobedience, or worldly pleasures that need destruction. When you do such things and turn to

God, you will be given a part in the revival.

"Does the Lord delight in burnt offerings and sacrifices as much as in obeying the Lord? To obey is better than sacrifice, and to heed is better than the fat of rams." (1 Samuel 15:22) ■

HE FAILED TO DESTROY, WHAT NEEDS DESTRUCTION

Though his generation is denied the reign of the kingdom due to his mistakes, he had an opportunity to end his reign with success. But he failed to do so. The Lord commanded him to destroy Israel's enemy Amalekites completely. (1 Samuel 15:3). But Saul and his people did not completely obey God. They were unwilling to destroy completely. They killed all the Amalekites but spared the best of the sheep and cattle. (1 Samuel 15:9). Though Saul said

My beloved brothers and sisters in Christ! May you hold on to Jesus Christ and keep progressing in your life's journey with good health and all the earthly blessings. Let us plunge into this month's article, titled "Goal".

All of us have goals in our lives: for some, it may be just one and for others, there may be many. Some of us might aspire to work in a renowned MNC. Some others might intend to achieve great heights in sports, medicine, or in other fields. To be specific, each day is filled with attaining minor goals. For instance, every morning getting ready for our school, college or work within the destined time becomes a goal. So, we wake up and do all our daily work with a mindset to achieve a certain goal.

These small and minor goals are set in our life automatically. And so, our activities are set accordingly. Few goals are set by us, few are set automatically. My dear friends, goal setting has many positive effects on our lives. It guides our life, gives the desire to achieve great heights, a spirit to complete the task, a never-give-up-attitude, an active mind. Having a goal makes a person work hard, plan well, be disciplined and self-controlled. But what characters does a man without goal possess? Like dry fallen leaves driven away by the wind,

he has no direction, foundation or discipline and he gives importance to fleeting pleasures. We have seen the importance of setting goals in our lives and the awful life of men without goals. Next we shall see how the Bible leads us in goal setting.

There is a purpose for everyone who is created by God. While fulfilling God's purpose, we set many goals in our life's journey. The God-given purpose for every believer is to live a life that pleases Him, worship Him and bring all the praise and glory to God.

Let us look at a few examples from the Bible. First let's see the Apostle Paul's life. He says "Brothers and sisters, I do not consider myself yet to have taken hold of it. But one thing I do: Forgetting what is behind and straining toward what is ahead, I press on toward the goal to win the prize for which God has called me heavenward in Christ Jesus" (Phil 3:13,14). After God encountered Paul, he was very determined in his goal of spreading the gospel to the Gentiles. He also declares "Everyone who competes in the games goes into strict training. They do it to get a crown that will not last, but we do it to get a crown that will last forever" (1 Corinthians 9:25). Dear friends, let's know the purpose of our life and set goals towards achieving it.

Secondly, let's look at the life of our saviour Jesus Christ. He lived in this world to fulfil his Lord's purpose for him. He lived with the only intention to reconcile mankind with God through his crucifixion. The Bible says "fixing our eyes on Jesus, the pioneer and perfecter of faith. For the joy set before him he endured the cross, scorning its shame, and sat down at the right hand of the throne of God" (Hebrews 12:2). Dear friends, Jesus was very determined in achieving his goal. He went through many struggles to accomplish his goal. Similarly we should be firm in our journey to achieve our goal, and receive the gift that God has destined for us. We are not alone in this journey, friends. God is with us and many of His children are

travelling with us. Many people who have achieved their goals stand as examples for us. "Therefore, since we are surrounded by such a great cloud of witnesses, let us throw off everything that hinders and the sin that so easily entangles. And let us run with perseverance the race marked out for us" (Hebrews 12:1). This gives us faith and joy.

SO, MY DEAR BROTHERS AND SISTERS! FROM THIS DAY ONWARDS, KNOW GOD'S PURPOSE IN YOUR LIFE AND START WORKING TO ATTAIN IT. AMEN ■

Father's day

A father is the one who sacrifices his hard labor and love for the welfare of his family. Father is the only one who can be our good guide, friend and teacher for us. Father is the one who works so hard and sacrifices his own needs, desires and preferences. To celebrate the selfless love of such father, Father's Day is celebrated every year on the third Sunday in the month of June. Many don't know how to celebrate father's day and how to please their father on such special day. So here are some suggestions for you to celebrate this father's day.

SPEND AN ENTIRE DAY

You can take your dad out to his friends home on that day or else you can take him to different place and show him around.

COOK FOOD AND CELEBRATE

Treat him with 5-star cuisines if you can. Or else you can cook him the food he likes to eat with your own hand.

GIVE GIFTS

You can buy him a shirt of his favourite colour and present it to him. Or you can buy something like shoes, watch and purse and give it to him.

MAINTAIN GOOD HEALTH

vegetables, fruits and cook with that. Consider doing it especially if your father is taking medication

SPEAK TO HIM FOR AN HOUR DAILY

Talk to your dad for an hour every day about the good and bad things that happened on that particular day and kindly seek his advice on that particular matter.

G.S.T COUNCIL'S RECOMMENDATION CANNOT CONTROL STATE GOVERNMENT: SUPREME COURT!

New Delhi: G.S.T council's recommendation cannot control state government. Central and State government has equal rights in taxation says the court. Goods and Service Tax (G.S.T) is considered to be an effective change in taxation for a long term. It lays some indirect tax; it is effective from 1st July 2017. It aims to become a standard goods and service tax. Its ultimate goal is to simplify the services and goods taxation for the businesses. It provides more chances to reduce the taxation. There are four types of GST, Central Goods and Service Tax (CGST), State Goods and Service Tax (SGST), Integrated Goods and Service Tax (IGST), Union Territory Goods and Service Tax (UTGST).

A committee of 33 members has been formed under the supervision of central finance minister, Nirmala Sitharaman to form GST rules. The duty of the GST council is to determine the basic percentage, to suggest the maximum tax exemption in goods and services and much more. From the day of introduction, they have been conducting meeting in Delhi and other states. Finance ministers of all the states will participate in it. Many important decisions are passed in this meeting and the state governments are forced to follow it.

In this situation, a private organisation in Gujarat, filed a case in High Court. It states 'G.S.T council forces the state government to follow its decision. It is unacceptable'. The High Court that investigated the case ordered the state government to follow the GST council's decision and cancelled the integrated tax on the ocean freight.

Against this order, they further appealed to the Supreme court. Last week this case was postponed without mentioning the date. In this situation, panel led by Justice Chandrachud gave their judgement stating GST council's recommendation cannot control central

and the state government. GST council's recommendation is only up to a trustable mark. Moreover India is a country that functions on the basis of cooperative federalism.

Judgement was written stating 'Indian constituency law gives and empowers the central government with cooperative federalism only to avoid confusion. We must understand democracy and federalism are dependant on each other. Moreover, both the parliament and the state legislatures have equal rights in passing laws on GST. So, the GST council's recommendation should not be forced on the state governments' – Dinakaran 19th May 2022.

Central government plans to rise GST on online games and horse race betting from 18% to 28%!!

Delhi: Central government's ministry has recommended to rise the GST of online games, casino, horse race betting from 18% to 28%. GST council's meeting is expected to be held in the upcoming days; recommendations related to this can be filed says the sources. There is 18% GST for entertainment games such as horse race, casino, online cricket, poker and rummy now. The central government has decided to increase the GST of online games. It has formed a panel of 8 members led by Meghalaya's Chief Minister, Conrad Sangma. The panel set for online games, horse race and casino discussed in Delhi on increasing the GST for online games. Based on their recommendation the central government has decided to increase the GST for online games from 18% to 28%. The corrected procedure and the final report regarding this will be submitted to finance minister, Nirmala Sitharaman. It is expected that there will be a reduce in the number of online gamers after increasing its GST.
