FOREWORD

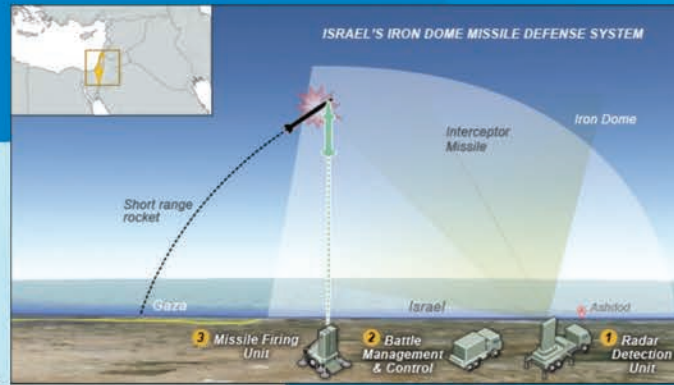

**Loving greetings to the
Dear young hearts!**

The Hamas terrorists made October 7, 2023, an unforgettable day for the people of Israel when they destabilised the land by raining 5000 bombs in just 20 minutes. They undertook unprecedented attacks from the air, land, and sea, severely disrupting Israel and taking more than 248 people as hostages. More than 1377 people were killed. A lot of soldiers lost their lives, and many were injured.

Because of the Iron Dome, a shield that surrounded the country, Israel escaped severe damage even when 5,000 missiles struck at once. Furthermore, it may be stated that Israel possesses a formidable military force. Despite Hamas's plans to cause great damage and cripple the country of Israel, the Israeli army rose up and started attacking again on the same day. They made a big impact on the Gaza border. Syria and Lebanon attacked Israel in support of Palestine. Despite being quite small, Israel has challenged all of its surrounding adversaries.

The Israeli army said, and continues to declare, that it would not stop until it had wiped out the whole Hamas organisation. Nobody has ever been able to overthrow or subjugate Israel, regardless of the number of missiles shot at it. The reason is because the Lord is a fortress for that country, and his hand and strength are mightier than the iron dome.

My dear young people! No matter how many fiery darts Satan flings at you in an attempt to destroy and injure you, God's presence will shield you more securely than the Iron Dome. May the Lord protect you from all harm this year, as he did throughout the year 2023. And He promises to save your soul as well.

God will certainly protect you, even if the devil attacks you from every angle today! "I will preserve your soul," promises the Lord. So act with renewed vigour in the New Year in your area to accomplish the task of awakening! May God be with you as a shield, a great protection, and keep you away from all harm!

In Christ's Mission

His call kept me unperished!

Hello, dear youngies! We are super excited to meet you all again in this new year. In the very first month of this year, we are so glad to present to you the inspiring testimony of the young pastor and worship leader, Bro. Ranjith Jeba. In this interview, Ps. Ranjith himself tells us about his experience of how, being born into a Roman Catholic family, he accepted Jesus when he was 9 because of his desire for music, got anointed at age 10, later received the calling to serve the Lord full time, and now, through beautiful songs, turns a lot of youngsters towards God.

Billy: Hello Anna... How are you doing?

Ranjith Jeba: I'm good by the grace of God.

Billy: I'm very glad to introduce you to our youth Trends subscribers.

Ranjith: Thanks! Likewise, I'm exceedingly glad to share my testimony with you all.

Billy: Okay, Anna... Everyone is eagerly waiting for your interview. Come, let's get started.

Ranjith: Sure, let's go.

Billy: Tell us about your family and childhood.

Ranjith: I was born into a traditional Roman Catholic family in Uthamapalayam in Theni District and was brought up religiously. My father is an electrician. My mother is a homemaker. I have an older sister. I studied at a school in Uthamapalayam until the 8th grade. Later, I studied at a school in Raayappanpatti village from 9th grade to 12th grade. My grandfather, father, and uncle are all zealous

Roman Catholic churchgoers. They play harmonium in the church choir. My family was from a traditional Catholic background. My mother is from Kerala. She has been to a spiritual church and has received the salvation experience. There used to be a Sunday school near our house in childhood. We were taken for it and were made to take part in it. I was sent to attend the convention meetings and youth meetings that happened in our town with my father's permission. I began to have a strong interest when I saw the worship that was taking place over there. But my father was very strict, saying that we must only go to the Roman Catholic Church on Sundays.

Billy: Okay... Being born and brought up in a Catholic family, how did you get to know about Jesus?

Ranjith: My aunt used to go to a spiritual church when I was a child. I started to go to that church with my aunt after coming from the Catholic

Church. The pastor in that church would play the guitar and sing songs. I have had a great interest in the guitar since my childhood. I had no big interest in the worship that happened in the Catholic Church. I went there because of my father's compulsion. My mother used to send me to this church along with my aunt without my father's knowledge. There was a massive interest in me for guitar as time flew by. When I saw the musical instruments that were there, I had a desire to play them anyway. But, in those days, I was in a state where there was no way to buy it and learn.

Billy: Okay... You had an interest in music when you began going to that church with your aunt. But have you learned it?

Ranjith: I, my aunt, and my mother used to attend fasting prayers. Because of this, great conflict occurs at our home. I and my sister used to watch the conflict between my parents with much fear. Sometimes, I used to get beaten up by my father. Even though I got beaten up, I would still go to church with my aunt the next week. I would go every week like this because of the interest I had in the guitar. The scriptures that were taught in the Sunday school were carved deeply in my heart. All these were significant reasons for my spiritual life's growth. Becoming a pastor has been my desire since childhood. When someone asks, "What is your ambition after studying?" I would reply, I'm going to become a pastor. I would go to church with many problems and struggles until the 9th grade. My interest in music grew alongside it. My father left me silently on my own when he got to know that I wouldn't come to their

traditions, even after many beatings and scoldings. Later, I started going to church continuously.

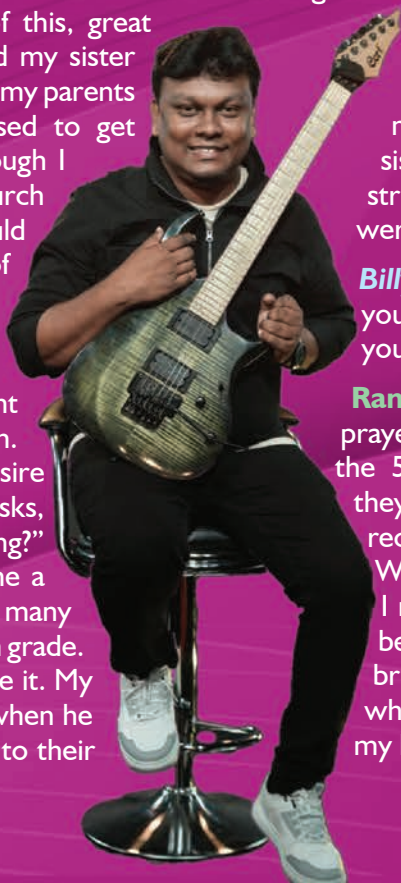

Billy: Okay... How did you identify the interest that you had in music?

Ranjith: When I was in 4th grade, the pastor left his guitar once. I kept my hand on it, having a desire to touch it, and there came a beautiful sound from it. My pastor, on seeing this, asked, "Do you like to learn guitar?" With that, he taught me three keys. After that, I myself had drawn a diagram on a sheet of paper, took that to him, and learned guitar from him. I had no means to buy a guitar. A few days later, my pastor gave me his guitar and asked me to play what I knew. God gave me wisdom when I began to play. I had a desire to buy a

guitar and play it at home. Since I had no means, I would take a piece of cardboard and make it like a guitar, using my sister's rubber band as the string. I used to play it. These were my childhood amusements.

Billy: Okay... We can understand your interest in music. How was your relationship with God?

Ranjith: I had been to an all-night prayer with my aunt when I was in the 5th grade. During that time, they called people who wanted to receive anointing to the front. When I went and stood in front, I realised that my language had begun to change. I felt a brightness coming inside me when the pastor laid his hand on my head. I received the anointing.

I have had a severe cold infection since childhood. They used to take me to the hospital every day and night. After receiving the anointing, that sickness got rid of me absolutely. When I went to the Carol Rounds with my pastor, I would carry a guitar that was bigger than me. When we went to the village ministry, I would carry the instruments, like the guitar and speaker box. When I was in 11th grade, God gave me the grace to play the keyboard. I didn't go and learn from anybody. I learned both guitar and keyboard by myself because of my interest. I wanted to do something for Jesus at a young age. Also, because of the interest that I had in music, nothing mattered to me. I got good marks in 12th grade. My music journey was also successfully happening.

Billy: Amazing... Did you study further after 12th grade? Or did you pursue a musical journey?

Ranjith: I had joined BCA at a college in Trichy and did MCA there as well after 12th grade. I studied for 6 years. I got many opportunities to play music in many places when I was studying in Trichy. I utilised all those opportunities while studying. God gave me the grace to sing and play music in many places when I was doing MCA. I had many friends in college who knew music. They taught me many things. I used to sing and worship in any place in those days, wherever I got an opportunity. I didn't think that I could only worship on stage. I very much love to worship the Lord. Even though I had studies on one side, it was only next to the Kingdom of God. I finished my six years of education perfectly, tried for a job, and got a job at a company in Chennai. I worked well there for 5 years for a good salary. God gave me the grace to lead worship in many places on Saturdays and Sundays.

Billy: Alright, how did the calling of ministry come to you when you had a job with a good salary? When did you come to full-time ministry?

Ranjith: My marriage took place on January 22, 2018. My wife's name is Salomi. She is a spiritual Christian. We lived in Chennai after our marriage. I have a daughter. I continued doing my job for 6 months after marriage. God called me to full-time ministry after 6 months. When I told my family about God's calling, they weren't able to accept it because I had been married only for 6 months. Also, since I had so many debts, I prayed to God, saying, "I won't come to ministry, God. Give me a job with a higher salary than this." I began trusting the salary rather than God. I was stubborn about not coming to the

ministry because of my family situation. On one side was my family, and on the other side was God's calling. I began to deviate from God. My mother was a good praying believer, but she refused to send me to full-time ministry because of the struggles in the family. Eventually, I joined another job at a different company. There, I suffered many problems. That's when I surrendered myself to God's will for full-time ministry after praying and resigned my job. Since that year, I've been doing full-time ministry for the Lord. Terrible problems arose in the family. I wasn't able to send money properly home each month, as it was the beginning of ministry.

Billy: Alas...! You came to ministry... Were you able to do the ministry well?

Ranjith: No... Many ministers of God arose against me. My mother, who led me into God, arose against me. Back then as well, I told God and prayed, saying, "God leave me. Many pastors are there. Do things with them. I return to the same job. Give me a job where I can earn a good salary." During that time, God spoke about His heart's agony: "Youngsters in the nation are perishing. The nation is perishing." God comforted me by giving me His words through songs. God gave me many songs. I had written everything. God led me by giving me the song "Nambathakkavar Neer Oruvar Thane" (You alone are trustworthy) when I was weary in ministry. In 2017, God gave me the grace to publish my first C.D., "Nissi." God

began to exalt gradually in ministry. Opportunities came from many places. God opened favourable doors for me to worship God and preach God's words, along with the ones whom I had watched from a distance. Now, He is taking me to many nations. Multitudes of problems and afflictions came when I surrendered to the plan of God. Today, God has kept me blessed and cleared all my debts. I couldn't have cleared them and been blessed if I had gone to work, leaving God's calling. All things are possible with our God.

Billy: That's marvelous! What would you like to say to the youngsters?

Ranjith: God, who called, is faithful. In the dream that Joseph saw, all the sheaves bowed down, and his sheaf stood upright. If God gives us a vision, He will definitely accomplish it. He will not put us to shame. God is able to lift and exalt anyone. If you are able to learn to lift and glorify God in His presence in any situation, then you need not go seeking exaltations and blessings. God himself will bring everything to us. If you begin to live depending on God, He is faithful to lift you up and exalt you in any situation.

Billy: Amen! Anna, truly, it is astounding when looking at how God led you. Thanks for encouraging our youngsters with your testimony and for making time for us amidst your busy ministry schedule. We pray that the Lord will continue to bless you, your family, and your ministry ■

THE LORD WILL PRESERVE

YOU FROM EVIL

Message: Mohan.C. Lazarus

My dear young children, the Lord wants to give you a promise, bless you, and strengthen you in this New Year. The promise is "The Lord shall preserve you from all evil." That is, "My son or daughter, don't be afraid! Don't worry! I am the God who protects you!" (Ps. 121:7)

He promises you.

Look at the world today! On one hand, natural hazards such as storms, floods, snow, fire, famine, and rough seas! On the other hand, the effects of strange pathogens and pestilences are troubling people! It is a situation where people's livelihoods are affected. We see that many such situations make people feel afraid and confused.

Perhaps you too are passing through such a situation these days! But the Lord, the God who cares for you, looks at you and says, my son, 'Do not be afraid! Don't worry! He promises you to protect in any situation. Although there are many situations where people do many things against us and cause evil, the Lord promises to protect you today. If he makes a promise, he will fulfil it!

Let us meditate on the ways in which the Lord protects us in our daily lives.

HE PRESERVES YOUR SOUL!

"He (the Lord) will preserve your soul." (Psalm 121:7) This is the first thing that the Lord does for us! It is true that many dangers come into our lives, such as illnesses, losses, famines, and pestilences. But there is a soul within us.

It is the soul communicating with God that creates the peace and comfort He gives us. Only if there is divine peace and happiness in that soul is true blessing. But the wicked devil will taint it and try to separate us from the Lord.

When a man lives in sin, his soul dies! As the word of the Lord says, “The soul who sins shall die” (Ezekiel 18:4), any man who gives place to sin, the soul that is in him shall die. That is, the body remains alive, but as his soul dies because of sin, his relationship with God is severed. That is why people sometimes say, “There is no peace in the mind! There is no harmony! It’s scary to live!” they lament. Only when a man’s soul is alive, can he be united with the Lord and feel the joy and peace of the forgiveness of sins. But the evil devil will continue to target our souls, bring sin, and fight to separate us from the Lord.

Therefore, it is very important for our souls to be protected.

My dear young people, you should be more concerned about protecting your souls. For that, read the Holy Bible daily and pray filled with the Holy Spirit! Listen to the words of the Lord!

Because the soul within us is precious! That soul must be protected. When I was in my youth, in the days when the Lord began to call and use me for ministry, after I finished preaching in many churches and some gospel meetings, some people would come and appreciate me. But some say, “Brother, the Lord is using you well in your youth! But it is important to endure till the end.”

It was an attack by Satan! Back then, I was ignorant of it. It has been a great struggle in my spiritual life! I was so confused that I couldn’t even tell anyone about this. At that time, one day, when I was returning home after finishing my ministry in a certain town, an old father put his right hand on my shoulder and said, “The Lord who

protected Joseph that day will protect you who are ministering to him in these young days” and kept going. And that’s it! That word gave me faith and courage.

The devil brought a temptation into Joseph’s lodgings to drive him into sin. But the Lord protected him. Up until that point, I believed that the Lord was with Joseph since he fled from that sin and kept himself holy. However, after hearing the words of that old father, when I read the Holy Bible, the Lord revealed a truth to me. That is, son, “I was not with Joseph because he ran away from sin; since I was with him he ran away from falling into that sin. I will protect you as I protected Joseph.” He revived me. This year marks 45 years in my ministry! I believe that the Lord, who protected me from all the trials, struggles, and the devil’s tricks to make me fall, will

protect me until the end. For the Lord is my soul’s protector.

My beloved teenage son and daughter! Your job is to submit yourself to His hand! His job is to protect you!

HE WILL PRESERVE YOUR GOING OUT AND COMING IN!

“The Lord shall preserve your going out and your coming in from this time forth, and even forevermore” (Psalm 121:8). The Lord promises us, “I will preserve not only your soul, but your going out and coming in.” These days, we learn about several

risks and mishaps that occur when we travel by trains, bus, van, cars, bike, bicycle, and aeroplane on a daily basis. We therefore require protection while travelling. In the early days of my ministry, one day I was driving from Nalumavadi to Tirunelveli for ministry.

As the driver drove the car, I sat bent over in the back seat, reading the letters and prayer requests that people had sent me to pray, and I kept praying. As I was bending over for too long, my back started to hurt. When I raised my head a little, the car that was supposed to be on the left side of the road was going on the right side out of control. A bus was speeding in the opposite direction. I was startled to notice the driver sleeping right away! How would it have been? Think about that. In the blink of an eye, I woke him up. The driver immediately woke up and swerved the car to the left. Look; in an instant, we were protected. Otherwise, my run would have been over that day.

My dear children, the men we trust to lead us safely may sleep. But the Holy Bible says, “The one who guards Israel (God’s children) neither sleeps nor slumbers” (Psalm 121:4). It is the Lord who protects our going out and coming in.

HE WILL PRESERVE YOU FROM ALL EVIL.

“The Lord shall preserve you from all evil” (Psalm 121:4).

My dear children, this time of life in which we live is the end! There are always many wicked things going on around us. In Matthew chapter 24, we see that the signs of the end times that Jesus Christ warned of, such as famines, pestilences, earthquakes, sea turbulence, dangers, and attacks from wicked people, are happening on this earth today. Human scientific discoveries are more dangerous than ever! A time when evil people who create pathogens themselves and cause destruction to the human race have multiplied! A time of wickedness that creates monstrous weapons and destroys

nations from thousands of miles away! At the same time, economic ravages, plagues, famines, witchcraft, and sorcery have multiplied in the nations like never before. The devil hides and carries out many such attacks. The word

of the Lord says that “your adversary, the devil, walks about like a roaring lion, seeking whom he may devour.” (1 Peter 5:8). But the Lord, who sent His angel that day and saved Daniel from the mouth of the lions (Daniel 6:22), today commands His angels to protect us as well. Dear Bro. Sam Jebadurai once told me about an incident that happened in Chennai when the ‘tsunami’ came. A woman, who was 9 months pregnant, was selling fish on the beach when a tsunami wave suddenly arose and rushed towards the shore. Everyone in the area sprinted towards the shore. But the sister could not run fast. At that critical moment, the sister cried out to the Lord, “Jesus, I can’t run any further;

save me from this danger.” Then an amazing thing happened. The raging tsunami wave split into two and did not reach the place where the sister was, but passed on two sides. The sister went safely inside her house. ‘How wonderful Jesus Christ is!’ The Lord, who works supernatural miracles, works wonders for those who call upon him and protects them. So, don’t get disheartened! Believing in God’s promise and power, even if you say a small prayer, He will honour that prayer, perform miracles, and protect you.

My beloved youth! In this age where evils, wickedness, diseases, and dangers are multiplying, the Lord promises that “I will keep you away from any kind of harm and protect you.” As promised, the Lord will protect your soul, your going out and coming in throughout this year, and protect you from all harm ■

Revival

All Night Prayer

The youth who participated in the Revival Igniters camp are staying awake all night in every taluk, praying for the revival and salvation of the nation.

School College Meetings

Every year, God is giving grace to visit many schools and colleges, preach the gospel, and thereby lead many young people to salvation. Even this year by the grace of God, we were able to visit schools and colleges across various districts of Tamil Nadu and share the gospel of Jesus with the weary students who had no desire or ambition to study. We also encouraged the students who were fearful of the future and their studies, reformed their inferior thoughts, gave them self-confidence, and encouragement. Many have joined the prayer groups started in schools and colleges and are praying earnestly. In the year 2023 alone, God gave the grace to counsel and spread the gospel to 45,000 students. Glory to God! ■

NEW YEAR RESOLUTIONS

Many people set their New Year's resolutions far in advance of 2024. However, only a few achieve them. Our resolutions ought to be realistic and doable. Here are some resolutions you can make for the New Year 2024:

- Exercising for an hour every day.
- Learning new skills like cooking and tailoring.
- Those who are aspiring for promotions should look for a new course.
- Learning a new language.
- Reading general knowledge books every day
- Writing diary every day.
- Spending family time every day.
- Reading the newspaper every morning.
- Waking up early every morning.
- Eating at the right time.
- Reducing time spent on social media.
- Travelling to your favourite places.
- Acknowledging and expressing gratitude for even the smallest things.
- Avoiding eat-outs and preferring home-cooked meals.
- Observing good hygiene.
- Saving 20% of your income.
- If you have an addiction to alcohol or smoking, adopt a healthy lifestyle by quitting them.
- Teaching poor children for free.
- Go on vacation to your favourite destinations.
- Building new friendships.
- Stop taking out loans as of this year.

Don't just stop by taking these resolutions; also show some dedication to following them throughout. Make sure to remember that persistence is the key to success, as you set some positive goals to groom yourself to keep growing.

Youth Trends

MAGAZINE MINISTRY

Since June 2009, 14,000 copies of 'Youth Trends' monthly magazine have been printed in Tamil every month and sent to young people all over Tamil Nadu. The English edition has been published since April 2014, and 2500 copies of it have been printed and sent to the youth in various Indian states as well as overseas. For Malayalam-speaking youths, 1500 copies have been printed in Malayalam since August 2023. We upload publications in Telugu, Kannada, and Hindi on our website, www.jesusredeems.com. ***This Youth Trends magazine, which is published and sent exclusively to the youth with novel topics every month in six languages, is empowering and strengthening thousands of young people in the Lord ■***

MOUNT Sinai 2023

Since 2010, a one-day youth fasting prayer known as "Mount Sinai" has been held with the objective of empowering young people to take part in the revival, to evolve into prayer warriors who pray for the country, and to rise up as young people who stand in the gap and plead like Jesus. Every year on the day of Diwali, thousands of youths participate in this youth fasting meeting to pray. This prayer, which was held at 6 to 7 places for the past few years, was held simultaneously at 36 places last year on November 11, 2023, and about 8,326 youth gathered together to pray for the nation of India and for the salvation of the perishing youth. God used his servants mightily in all 36 places ■

MOUNT Sinai

NORTH INDIA *Report*

In fulfilment of God's promise to utilise young people throughout India for revival, 3305 young people from Maharashtra, East India, and North India received the revival fire and began sharing the gospel in 40 districts. This year alone, God gave grace to preach the gospel to 98,725 people and pray for 3,10,084 hours. 445 prayer groups have been started, and 10,048 youths are praying together. Furthermore, God is granting us the grace to carry out follow-up missions ■

Revival Igniters Camp

In fulfilment of the Lord's promise in 2019 to raise up seven different kinds of young generation to be utilised in the revival, God brought over 12,000 youth to the Tabernacle of God in Nalumavadi from the states of Tamil Nadu, Kerala, Karnataka, Andhra Pradesh, Telangana, East India, North India, and Maharashtra. The Holy Spirit's anointing and fire were witnessed by every attendee of the gathering. Over ten Revival Igniters Camps were held in 2021–2023 exclusively for the youth. Bro. Mohan C. Lazarus discussed the significance of evangelism and the necessity of praying for revival in each of these camps. Bro. Vincent Selvakumar talked about prophetic and warfare generations. The Lord transformed all the youths who attended as youth who would pray and spread revival in the country. Each trained person is evangelising and winning souls in their respective states ■

In the vision of actively proclaiming the gospel, besides visiting schools and colleges to proclaim gospel to youths who do not know Jesus, 'Achievers Meet' is conducted with the aim of making them achievers in their lives. Since 2008, the Achievers Meet has been conducted every year in January and February for the students appearing for the exams. Thousands of students participate in this and walk away with confidence. Many students who have benefited from this meeting are currently excelling in a variety of areas ■

A collage of three images. The largest image on the left shows a woman in a pink shawl with her eyes closed in a prayerful expression. To the right is a large photograph of a group of women in a hall, many with their hands raised in a gesture of participation or prayer. A smaller inset in the bottom right corner shows another group of women, some with hands raised.

Revival Igniters

Monthly Fellowship

Igniters monthly follow-up meetings are being held at 37 places in Tamil Nadu, Andhra Pradesh, Karnataka and Maharashtra states for the youth who are saved in the youth meetings conducted by our Jesus Redeems Youth Ministries, to continue to grow and strengthen in Christ, become disciples of Christ, grow rooted in the scriptures, and live as witnesses for the Lord.

Every month more than 2000 youths are being strengthened through this fellowship.

Apart from this over 3000 youths are benefited online through 'Revival Igniters live' on social media on the last Sunday of every month. Glory to God! ■

PRAYER GUIDE

January 2024

INTERNET ADDICTION

From children to adults, people from all walks of life are using cell phones impartially. The monstrous development of technology has brought the world into our palms.

Among students between the ages of 10 and 13, 51% use social media. The younger generation has been using social media around 3,400 times a month. 13% of teens watch porn videos and share them with others. According to the study, children between the ages of 7 and 8 play games on their mobile phones for the longest time. Spending too much time on the internet can have a variety of effects. This leads to stress and health problems.

PRAYER POINTS

Pray for the redemption of everyone who is addicted to a cell phone, regardless of age.

Pray that 51% of boys and girls who use social media will come out of slavery.

Pray that the Lord will redeem young people who are using the internet excessively and sharing pornographic videos.

Pray that young children who are addicted to online games are freed and thus protected from diseases caused by children.

Pray that everyone who has suffered from diseases such as depression, insomnia, and depression due to internet addiction can get rid of it.

PRAYER REQUESTS

Pray that the increasing stroke disease will be completely eradicated.

Pray that strokes do not affect young people.

Pray for the redemption of everyone who is addicted to smoking and alcohol.

Pray that young people adopt the right diet and protect themselves from stroke.

Pray for the speedy recovery of each one of those suffering from this disease.

STROKE THAT AFFECTS THE YOUNGER GENERATION

The number of people suffering from strokes is increasing every year. Doctors have said that younger people are also more likely to have strokes now than in the past. The stroke is caused by a blockage in the blood vessel leading to the brain and bleeding in the blood vessel in the brain. Studies have shown that sitting and working for long hours in the same place, not maintaining body weight properly, and using tobacco and alcohol are associated with an increased risk of stroke. Adults should sleep well for 6 to 7 hours and small ones for 7 to 8 hours. Lack of sleep is the cause of many diseases.

VEHICLE RISKS OF YOUNGSTERS

A study reveals that India has the highest number of two-wheelers in the world. According to the report, India has about 330 million two-wheelers as of 2022. Many young people are bike-wheeling to get more views on YouTube videos Shorts and Reels. Today's young generation is obsessed with reels, and they put cameras or phones on their bikes' stands, overtake any vehicles on highways, and directly film the speedometer and the speed of the tires. Other young people who see this try to do the same. Not only do they cause more accidents by wheeling on bikes, but they also die. Many young people put themselves and others in danger in order to achieve something different.

NATURAL DISASTERS

Natural disasters are a major threat to human life and property. Every year, people are affected by a variety of natural hazards, including avalanches, blizzards, cyclones, hurricanes, earthquakes, floods, heat waves, landslides, lightning, heavy rains, and wildfires. Governments around the world, including India, are working to mitigate climate change and protect the environment. However, natural disasters continue to cause widespread damage and loss of life. According to the National Crime Records Bureau of India, 1.7% of all deaths in India are caused by natural disasters. Globally, an estimated 45,000 people die each year in natural disasters. In recent years, we have seen a rise in extreme weather events, such as heat waves, floods, landslides, and earthquakes. These events have caused widespread damage and loss of life.

PRAYER POINTS

Pray that those who use two-wheelers will drive carefully.

Pray that young people who drive while going on adventures will become aware of the dangers.

Pray that the government will ban the driver's licences of everyone who drives in a way that causes accidents.

Pray that people who ride bikes while wheeling will act with awareness so that accidents and deaths do not occur.

Pray that the mindset of young people who act without understanding the dangers that will arise for views and likes will change.

PRAYER POINTS

Pray that natural disasters will be prevented and people will be protected.

Pray that governments will make a serious effort to implement plans to protect the environment.

Pray that the millions of people who die each year in natural disasters will be stopped.

Pray that everyone will be aware of the dangers of natural disasters so that our country can be protected and lives can be saved.

Pray that God will protect our country from any kind of destruction in this New Year.

Yearly Report 2023

God is fulfilling his plans according to his noble vision for Jesus Redeems Ministries, "to evangelise 50 million souls and win 5 million of them within 10 years." In that, God is granting grace to carry out the grand vision of 'to evangelise 10 crore youth and win 1 crore of them through youth ministry'. God empowered us to mobilise 5261 young people across Tamil Nadu into an army to plant gospel seeds and spread the flames of revival throughout the nation.

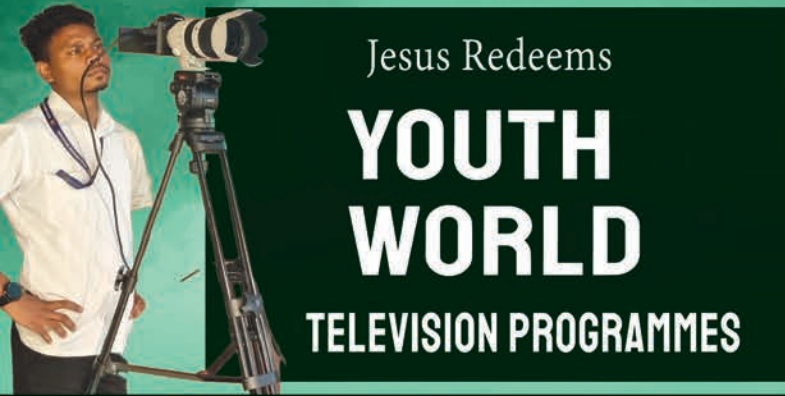

And God granted us the privilege of being able to reach out to young people in North and East India as well as those in the southern states of Karnataka, Kerala, Andhra, and Telangana, encouraging them to spread the revival fire throughout India and pass on the vision of revival.

God is doing mighty things in the nation through these Revival Igniters. Over the last three years (2021–2023), they have prayed for 11, 35,964 hours for the country and have personally and through the media proclaimed the gospel to 65, 45,179 people.

Please remember to pray for God to empower each of them to continue igniting this revival fire even more in their own states and districts.

Let's pray that the gospel will be preached to 10 crore youths and that 1 crore of them will be led into salvation by 2030! ■

Special youth programmes, comprising short films, know the truth, achiever testimonies, God's word with worship, and much more, are streamed every Saturday at 6:30 a.m. for young people who do not know Jesus. In order to make the gospel clearly understandable to young people, short videos are also used as evangelism tools. This has blessed 7,09,171 people between 2021 and 2023 ■

AIR POLLUTION CAUSES OVER 2 MILLION DEATHS ANNUALLY IN INDIA: BMJ STUDY

The research found that air pollution from using fossil fuels in industry, power generation, and transportation accounts for 5.1 million extra deaths a year worldwide. This equates to 61% of a total estimated 8.3 million deaths worldwide due to ambient (outdoor) air pollution from all sources in 2019, which could potentially be avoided by replacing fossil fuels with clean, renewable energy, the researchers said. These new estimates of fossil fuel-related deaths are larger than most previously reported values suggesting that phasing out fossil fuels might have a greater impact on attributable mortality than previously thought, they said. The team, including researchers from Max Planck Institute for Chemistry, Germany, used a new model to estimate all cause and cause-specific deaths due to fossil fuel-related air pollution and to assess potential health benefits from policies that replace fossil fuels with clean, renewable energy sources. They assessed excess deaths — the number of deaths above that expected during a given time period — using data from the Global Burden of Disease 2019 study, NASA satellite-based fine particulate matter and population data, and atmospheric chemistry, aerosol, and relative risk modelling for 2019, in four scenarios.

OVERWEIGHT AND OBESITY AMONG CHILDREN, TEENAGERS AND YOUNG ADULTS! DOCTORS ALERT!

Chennai, 14th November 2023: In commemoration of World Diabetes Day 2023 on November 14th, M.V. Diabetes and Prof. M Viswanathan Diabetes Research Centre today hosted a grand “Health Conclave: For a Healthy Mind and Body” event aimed at fostering awareness about general well-being and the prevention of diabetes and its associated complications among the public. As part of the event, the renowned institutions proudly introduce “Chennai Slim & Fit 2.0.” This initiative aligns with their ongoing commitment to primary diabetes prevention, particularly focusing on combating the escalating obesity epidemic among children and adolescents in Chennai.

Dr. Vijay Viswanathan, Head & Chief Diabetologist at M.V. Diabetes said in his speech, “People should lead an active life when they are still young. At least 45 minutes of exercise, such as swimming, jogging or walking is important. Practicing yoga and meditation can greatly reduce stress, which has emerged as a significant risk factor. It is better that the at-risk population can get used to diabetic food, which is less in carbohydrates and fat. With a balanced diet, regular exercise, lab investigations once in three months, and consultations from a qualified doctor, diabetes can be managed at any stage. Intermittent fasting is a good option to consider in a predominantly carbohydrate-consuming population of India. The obese and the pre-diabetics are particularly the most beneficiary group. Those on insulin should discuss with their physicians before resorting to intermittent fasting”.

In light of the escalating burden of overweight and obesity among not only children but also teenagers and young adults in the post-COVID era, characterized by increased screen time and altered routines, M.V. Diabetes and Prof. M Viswanathan Diabetes Research Centre have tailored their focus. Building on their past success, the institutions are gearing up to target teenagers and young adults to instill and promote healthy habits for a wholesome life.
